Sunset Park Vignette

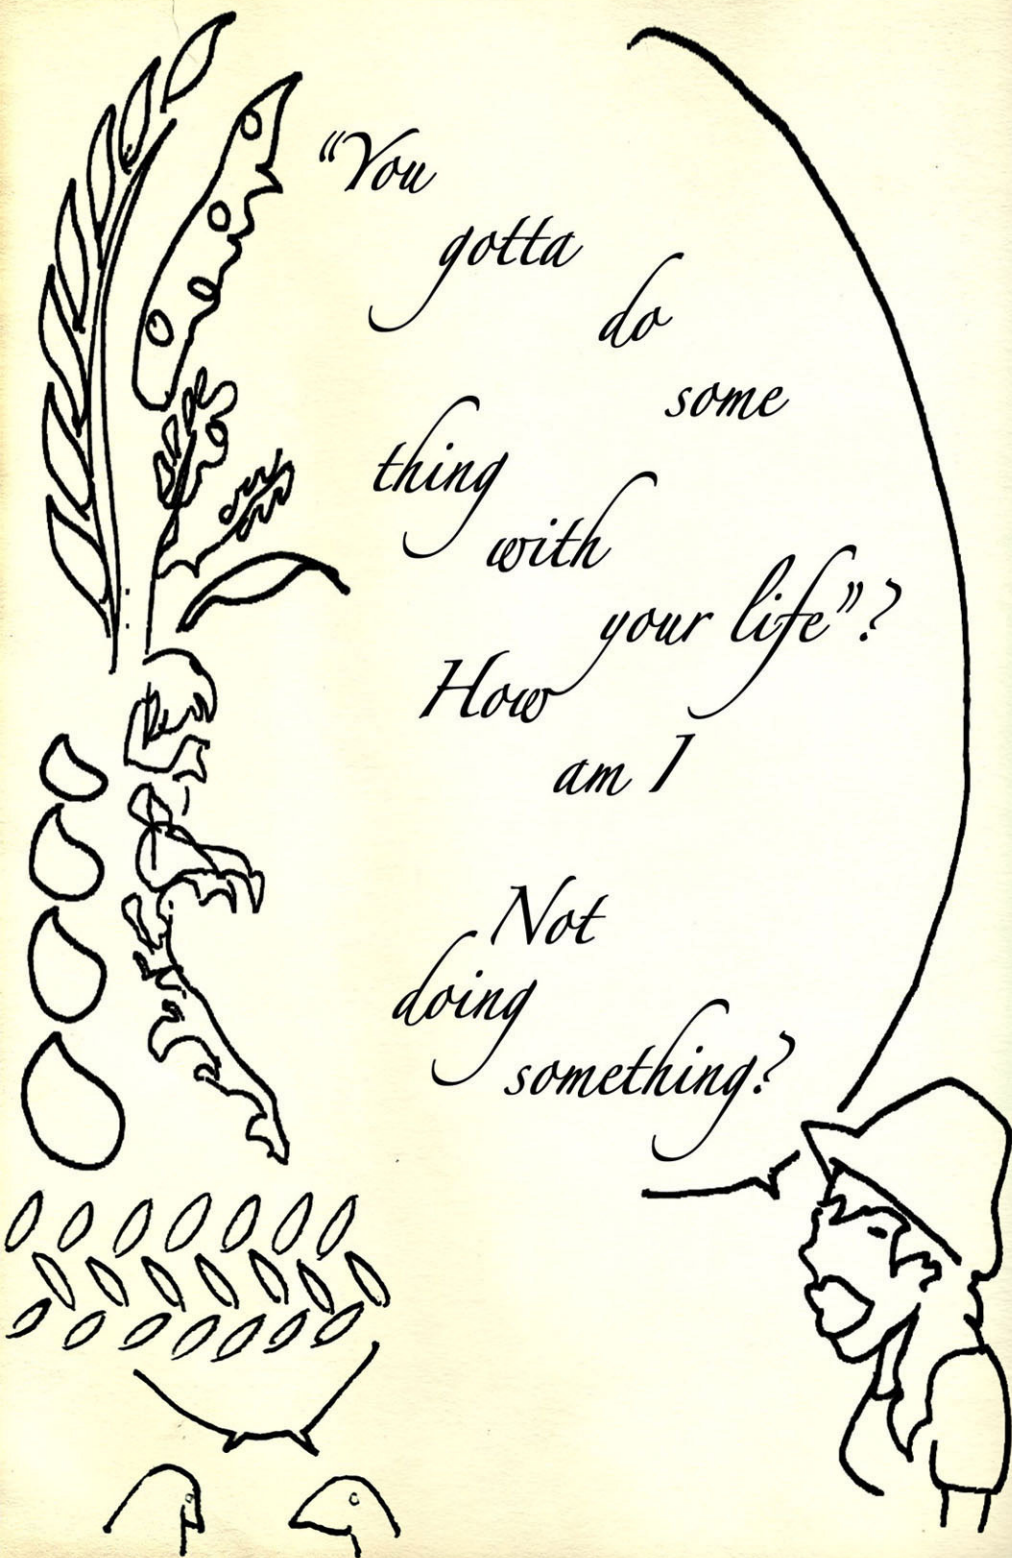

- 1. Mothers give birth to babies.
 - 2. If you drop a watermelon, it might burst.
 - 3. When I went to pick up my laundry, my pants were missing.
- I casually asked the Chinese lady there if she saw them.

She snapped.

You bring no pant! she yelled. No pant! You bring no pant!
Ok, take it easy, I say.

Now where the fuck are my pants, lady?

THINK OM

Love it. Live it.

**The gastro-osmotic-opiodic throb

You are a cathedral of OM.

**Vibrate like the first vibration.
Vibrate like a vibrator vibrating.
Hum it.**

**Vibratorially.
Microhum the microsound of a microsonic

**On the world.
You are love. You are bombs. You are OM.**

video review: Elwood & some other towns (VHS)
a tape of life in Indiana filmed by Tanner Standridge

This 20 minute escapade into modern youth's environmental entertainment begins in the town of Elwood. A noted locale of dangerous bridges and the world famous Happy Burger towel fights, Elwood charms the pants off our heroes as they share adventures such as a walkie talkie convo about the depletion of fine greens, mids, & no-name weed. "I Love Sticks" preceeds a mild half-hearted attempt@.monkey--barring an old bridge. CUT. Kitchen discussion. Moms is all spillin the beef on an 11yr old's copycat suicide, months after his 11yr old friend did it. THE BIG OWL. We need this burger. Film-meld of the drive to the Happy Burger joint and the actual consumer experience// A sort of timewarp. THE FUTURE IS A PRESENT TO THE PAST. //dudeinasuit

In Arcadia someone is rocking out+++++

In a house in Muncie. . . but who lives here?
Grill some cheese and eat some hummus. I bet these kids never ate Oasis hummus, hopefully someday...

A handsome number, arriving in a limegreen clamshell and dubbed to yellow-as-shit VHS tape, Elwood & some other towns allows a steady heady mix of nostalgia for teen.hi-jinx and a wts was that feel. Available from Mr.Toilet:1129DahlgrenIn,Cicero,IN
